

1 Year Manufacture's Defect Warranty

WAGNER warrants to the original purchaser that products of our manufacture are free from defects in materials and workmanship for 1 year unless otherwise stated in the specific product manual. Components that have not been manufactured by WAGNER are subject to the original warranty of the manufacturer. WAGNER will, at its option, refurbish or replace any product or part found to be defective during the warranty period. Replacement of a part does not extend the period of the warranty. WAGNER will not be held liable or will only be held partially liable at our discretion if third-party accessories or spare parts have been used. Any item designated as a replacement part in the manual, or any item designated by WAGNER to be a replacement part will not be covered under warranty beyond the part being free from defect when delivered. When replacement parts are involved, total usage time, quality of the coating being applied, and equipment maintenance are just a few considerations and cannot be pre-judged. In addition, some parts in the manual are not denoted as replacement parts but will be considered as such.
